Tutorial 1 - Hello World

- **Overview:** In the first tutorial, you are going to install the Arduino environment on your computer and write your first program, *Hello World*.

- **Assignment:** Complete the tutorial in the document *tutorial1 _introduction_ cpp.pdf* on ilearn. You must be able to display a message from the board to the the serial monitor or terminal.

- **Deliverable:** Write a one to two paragraph summary of what you accomplished and what you struggled with the most.

- **Next Week:** After completion of Module 1, you are ready to learn about ...
